

Neuromuscular Disease Foundation

Science and Grant Update

Noah Weisleder, Ph.D.

Science Advisor to the NDF

October 29, 2023

NEUROMUSCULAR
DISEASE FOUNDATION

Key Takeaway Messages

- NDF has supported major milestones in the pursuits of treatments for GNEM/HIBM
- Grant funding to treat GNEM/HIBM provided since 2007
- Accelerating funding of research projects since 2019
- NDF grant review process is driven by world class scientists and based on the most impactful science
- Four NDF grants awarded for this year (2023-2024)
- These grants support the International Gene Therapy Development Program (IGTDP)
